

# Drive<sup>2</sup> PTV PowerTech AC

## Your smart choice.

People are at the heart of every Yamaha. The Drive<sup>2</sup> PTV PowerTech AC is a perfect example of how innovative thinking enables us to create a vehicle that can really make a positive contribution towards our users daily lives.

With its zero-emission motor and whisper quiet operation, this stylish electric PTV is a pleasure to drive – further improved by the addition of our advanced IRS (Independent Rear Suspension) system on this latest model, making it the most comfortable and luxurious PTV you can buy.

And because our customers are always the focal point of everything we do, we've equipped our premium model with a superbly luxurious and spacious interior, as well as a new automotive style dashboard with USB ports and plenty of handy storage.

- Class-leading 48V AC electric motor and IRS
- Luxurious IRS system (Independent Rear Suspension)
- Sleek body styling and bold colours
- Spacious automotive-style dash with extra storage
- Modular body with best in class occupancy space
- Tough 10" wheels with stylish alloy-look cover option
- Yamaha-built charger
- Independent front suspension
- Light and strong automotive ladder style chassis design
- Maintenance-free rack-and-pinion steering
- ClimaGuard top with dual gutters
- Largest contoured seat in the industry

# Drive<sup>2</sup> PTV PowerTech AC

## Your smart choice.

If you are looking to make the smartest choice, you will see that things don't come any easier or more luxurious than when you take a ride in our latest Drive<sup>2</sup> model.

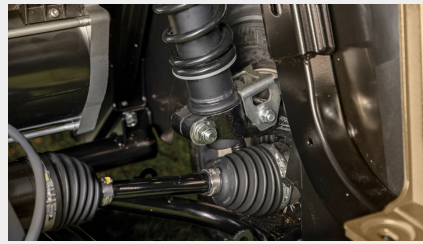

As soon as you step into this sophisticated PTV you'll feel relaxed in the plush and spacious interior. An automotive-style dashboard features convenient USB ports, along with plenty of handy storage. The intuitive controls make this impressive vehicle very easy to operate.

Once on board, you will notice the smooth, strong power thanks to the ultra-quiet PowerTech AC motor, which delivers a silky smooth ride and outstanding performance. Combine this with our latest IRS (Independent Rear Suspension) system, the Drive<sup>2</sup> PTV PowerTech AC is unmatched on performance and comfort.

## Drive<sup>2</sup> PowerTech AC 5.0 kW electric motor

The Drive<sup>2</sup>'s high-efficiency PowerTech AC 5.0 kW electric motor is one of the most sophisticated and powerful designs in its class. It delivers a whisper-quiet, silky-smooth ride and together with outstanding range and performance, it ensures that this zero-emissions vehicle is suitable for every environment.

## IRS – Independent Rear Suspension

As well as being the quietest powered golf cars around, the Drive<sup>2</sup> PTV models are also the first in their class to be equipped with IRS (Independent Rear Suspension) making them supremely luxurious. Combined with the widest-in-class seating and best-in-class legroom, this sophisticated suspension system delivers the ultimate in riding comfort.

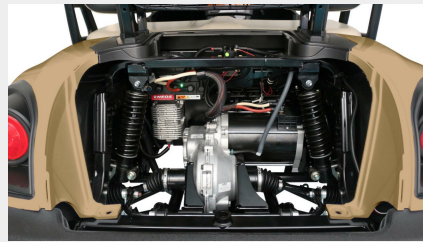

## Powerful LED headlights

This luxury PTV is built to move you 24 hours a day and the first time you take it out after dark you will be amazed at the power and width of the brilliant LED headlight beams. Producing double the brightness of conventional halogen lamps and using less than half the energy, the LED system shows the way ahead!

## Large automotive style dash with USB points

The Drive<sup>2</sup> PTV PowerTech AC is built to satisfy the needs of a wide range of users and features a large automotive style dashboard with increased carrying space for drinks and snacks in its central area together with additional storage compartments for keys, wallets or mobile devices as well as USB charging points.

## Practical and durable modular body design

The Drive<sup>2</sup> PTV PowerTech AC features a modular body design which makes it easy to own and maintain, enabling owners to minimise down time. A large rear panel gives easy access to the engine for routine maintenance and the rugged bumpers and body panels are built to ensure optimum strength and durability.

## Stylish bodywork and enhanced interior

With its stylish bodywork and range of bold colours, the Drive<sup>2</sup> PTV PowerTech AC is an attractive and luxurious PTV solution. Offering the most spacious interior and the best legroom in the business, this impressive machine also comes with wider, more spacious seats than any other model.
